WomenTechQuest'24
10Pearls Pakistan

Introduction to Front-End Development
Meta

Work Experience

MLSA NUML Team Member
Dec 2023 - Present
Microsoft Learn Student Ambassadors - NUML | Pakistan

Fellowship (React.js & Next.js Track)
Jun 2024 - Sep 2024
Bytewise Limited | Pakistan

I had the opportunity to dive deep into modern web development practices, focusing on React.js and Next.js. I developed proficiency in building interactive and responsive user interfaces using React. Throughout this experience, I worked on various projects and gained insights into how scalable applications are built and deployed.

Intern
Mar 2024 - Mar 2024
CodSoft

During my internship, I created user interfaces using HTML, CSS, and JavaScript that performed basic functions enhancing the user's experience, fixed bugs in the code, and learned about UI/UX design principles.

Projects

Dev Journey Site
Aug 2024

Used Material UI components to build this landing page on React Framework.

Nexcent Site
Aug 2024

This landing page is built using React and Bootstrap.

Creatify
Sep 2024

This full-stack website is made using Next.js, MongoDB and OAuth Configurations.
